## EDUCATION

### JNTUK University

*Bachelors of Technology in ECE*

8.3 cgpa

Nov. 2021 – Mar 2025

### Sri Saraswathi Junior College

*MPC*

8.7 cgpa

July. 2019 – April 2021

## EXPERIENCE

### Full Stack web Project Intern

*Edx, IBM*

May 2024 – July 2024

*Remote*

- Developed a application, managing both front-end and back-end components
- Created RESTful APIs with Django REST framework, facilitating CRUD operations for car dealership project
- Implemented fornt-end functionality using React.js

### MERN Stack Developer Intern

*Zidio Development*

Mar. 2024 – May.2024

*Remote*

- Analyzed MERN Stack and maintained back-end services, APIs using python
- Implemented databases, by improving data retrieval and reducing data loss
- Streamlined with cloud computing like AWS and Azure

### Full stack Developement Intern

*InternshipStudio*

Dec 2023 – feb 2024

*Remote*

- Designed and implemented web applications using *web technologies*
- Worked closely with cross-functional teams to define project requirements and deliver high-quality software solutions
- Integrated third-party APIs to enhance application functionality
- Managed and optimized databases
- Conducted troubleshooting, debugging and upgrading software
- Utilized Git for source control, facilitating collaboration and code management within the team

## PROJECTS

### E - Commerce | *MongoDB, React.js, Node.js, MySQL, HTML, CSS Git*

June 2024 – Agust 2024

- Allowed users to create accounts, manage profiles, and place order
- Secured user authentication features, including signup, login, and password management
- Allowed users to see new posts and interactions instantly
- Designed and optimized database schemas using Django ORM for efficient data retrieval and storage

### Blogging System | *Python, RESTful APIs, Azure, MongoDB, Node.js*

Jan 2024 – Mar 2024

- Developed a commenting system allowing users to post comments on blog posts
- Organized continuous integraton and deployment pipelines on Azure
- Deployed the application on Microsoft Azure
- Implemented a Javascript framework React.js on frontend and Node.js on backend for a responsive user interface

## TECHNICAL SKILLS

**Languages:** Python, C, SQL (MySQL), JavaScript, HTML,CSS, MongoDB

**Frameworks:** React, Node.js, Django, Bootstrap, RESTful API, FastAPI

**Developer Tools:** Git, Azure, VS Code, Visual Studio, PyCharm

**Libraries:** OpenCV, pandas, NumPy
